THOUGHT FOR THE WEEK:

Successful people are not afraid to fail. They have the ability to accept their failures and continue on, knowing that failure is a natural consequence of trying. The law of failure is one of the most powerful of all the success laws because you only really fail when you quit trying.

What message are we sending? Our students need to see positive Black images all year. We often keep up pictures of George Washington and other White heros/heroines permanently. Let's do the same for our Black heros/heroines. Yvonne Johnson, High School

1991-1992 Yearbook - This has been an especially trying year for the yearbook. First, there was the fact that students did not take the yearbook class. Secondly, a new sponsor was put into place. These two occurrences served to put the yearbook a year behind its necessary time schedule. Many have asked what the procedure and cost would be for ordering this yearbook because they had yet to see any ads for ordering in the Campus Bulletin. The reason for this is that production of the yearbook has not been met with the proper motivation from the students, and as of now, the prospect for a 1991-1992 yearbook is not very promising. Should this situation change, a notice will be placed in the Campus Bulletin along with ordering information. Robert Wilson, Yearbook Sponsor

CB Changes!! - The Campus Bulletin encourages submissions to be made electronically (by computer.) This will make preparation of the CB easier and hopefully make the Bulletin better. Submissions may be from either a WordPerfect or a First Choice "doc" file, and may be sent to the Principal's office on a floppy disc or via the Network's electronic mail feature. We need and want more submissions! In addition, we now have the capacity to incorporate drawings, photos, and other graphics in the CB. Please forward materials to the Principal's office. Since art submissions will need to be "scanned" first, the deadline for graphics submissions will be Mondays. Gary McWhirter, Principal's Office

Elementary Parent Meeting - On Sunday, March 1st, parents attended an open forum on Article 7, which replaces Rule S-1 (Indiana's Special Education Law). As of January 8th, 1992, this law is now in effect. Three main changes were noted: there is no longer a parent option clause; early childhood education (ages 3-5) is now included in the law; and parental permission to test for the initial evaluation is necessary, but after that only notification to the parents is required. The main question on Sunday concerned the removal of the parent option clause and what would now happen regarding placement decisions at the Annual Case Reviews. If there is not agreement on placement from the case conference committee, the case conference coordinator here at ISD makes a placement recommendation. If anyone on that committee (including parents, LEA representatives, etc.) disagrees with the recommendation on placement, that person is responsible for requesting mediation or asking for a hearing on the matter. That person would be responsible for submitting the paperwork to the Department of Education and paying any fees that may be incurred as a result of the hearing. Until a decision is rendered by the hearing officer, the child will remain in his current placement. This decision can be appealed and the child remains in the current placement until this process is exhausted also.
